Dear Pranab,

Thank you for sharing the details.

We have reviewed and verified the attached file and added our remarks wherever required. Based on the remarks provided, the necessary actions may be taken accordingly.

Thanks & Regards,
Roshmi Handique

Subject: RE: Request for Updating ASHAs Phone Number_Utprerona IDs

Dear Roshmi,
Regarding the User ID change requests, we have verified the records from the backend and found that:

- 17 User IDs have existing data.
- 5 User IDs were not found in the system or have not been created yet.
- 235 User IDs do not have any data.

These findings are based on our backend verification.
Once we receive your approval, we will proceed with updating the existing user numbers with the new ones. Therefore, kindly review the attached Excel file and make any necessary corrections, if required. After your review and approval, please share the updated file with us so that we can initiate the user ID change process accordingly.
Please let us know if you have any questions.

Regards,
Pranab Jyoti

Dear Pranab,

Please find attached the revised list, which now includes the ASHAs from Uparhali Block as well. Kindly consider this updated list for the necessary corrections.

Thank you.

Regards,
Roshmi Handique

Subject: Request for Updating ASHAs Phone Number_Utprerona IDs

Dear Pranab,

I hope you are doing well.

As discussed, I would like to request you to kindly update the phone numbers of the ASHAs from the newly added block (Kamrup). Since these IDs currently do not have any data associated with them, the phone numbers may be modified along with any other necessary changes required in the system.

Kindly note that after these corrections are completed, we will be sharing another list for similar updates. I would be grateful if you could look into this and make the necessary changes at your earliest convenience.

Please let me know if any additional information is required from my end.

Thank you for your support.

Regards,

Roshmi Handique
